About Your Project

In this section, you are asked to explain the aims of your project, what you want to achieve and how you will manage it. Make sure to read the questions carefully and address all sub-questions. Your answers can be short but should be clear and concrete. Make sure no necessary information is missing.

Why do you want to carry out this project? Why is it important to you? Where did the idea come from?

What change do you want to achieve with your project? Do you target a specific group? How will your project benefit your local community?

Will you need a special support for participation of people with fewer opportunities from your target group for whom it may be more difficult to participate without extra budget?

How does your project link to the objectives of the European Solidarity Corps?

Please select up to three topics addressed by your project.

Will your project include sustainable and environmental-friendly practices, accessible and inclusive activities, as well as will it make use of digital tools and methods to complement and improve activities? If yes, how?

How will you manage your project as a group? (e.g. general coordination between the members, distribution of tasks and responsibilities, budget and time management, communication etc.)?

Please describe in detail the activities you will carry out in chronological order, in the table below. Think about the different phases: preparation, implementation, evaluation, sharing of results.

Month	Activity(ies)
Month 1	

How will you make your project visible to others who are not involved in the project?

How will you assess if you have achieved what you have planned and if your project has been a success? Which methods and tools will you use for this purpose?

How will you share the results of your project and with whom?

What will you do to make sure that your project continues to have effects also after it ends?

About Your Group

In this section, you are asked to provide further details on your group.

How did you create your group?

What are the profiles of each member and what does each one of you bring to the project?

What do you, as members of the group, expect to learn from this project?

Will you document these learning outcomes? How? (e.g by using recognition tools such as Youthpass or Europass)?

Do you want to apply for 'exceptional costs' to help members of your group to participate in your project, for whom it may be more difficult to participate without extra budget? If you are in doubt, contact your National Agency for advice.

About the Coach

In this section, you are asked if you plan to use the support of one or several coaches and if yes, describe their profiles.

Do you plan to have coaches supporting you in your project?
