She'd like to visit **as many EU countries as possible.**

Leonor likes to go with the flow and wants **the freedom to change her plans as she travels.**

Although she will be away for a month, she plans to **travel by train on no more than 7 days.**

Leonor may have to **pay for seat reservations on some trains** she takes (but most are free of charge!).

This is Szymon. Dzień dobry!

Szymon has a busy schedule, so **he knows the dates that he'll be leaving and returning.**

He wants to visit just **two destinations;** one in Slovakia and the other in Hungary.

Szymon doesn't like surprises, so **he's happy that his travel itinerary cannot be changed.**

He knows that his entire journey **cannot cost more than €260.**

Szymon is on a tight budget, so he **doesn't want to pay extra for seat reservations, if there are any.**

He knows that if he misses his train, **he will need to cover the costs of a new ticket** himself.
