About your project

In this section, you are asked to explain the aims of your project, what you want to achieve and how you will manage it. Make sure to read the questions carefully and address all sub-questions. Your answers can be short but should be clear and concrete. Make sure no necessary information is missing.

Why do you want to carry out this project? Why is it important to you? Where did the idea come from?

What change do you want to achieve with your project? Which specific group or community do you target? Please describe the people you would like to target, e.g. in age, numbers, characteristics, etc. How will your project benefit your local community?

Do you want to apply for 'exceptional costs' to support the participation of people with fewer opportunities from your target group for whom it may be more difficult to participate without extra budget? If you are in doubt, contact your National Agency for advice.

How does your project link to the objectives of the European Solidarity Corps?

Please select the most relevant priority according to the objectives of your project.

If relevant, please select up to two additional priorities according to the objectives of your project.

Please select up to three topics addressed by your project.

How will you incorporate sustainable and environmental practices in your project?
How will you ensure your project is accessible and inclusive?
Do you intend to use digital tools or methods in your activities? If yes, how?

Please describe in detail the activities you will carry out in chronological order, in the table below. Think about the different phases: preparation, implementation, evaluation, sharing of results.

Month	Activity(ies)
Month 1	

How will you make your project visible to others who are not involved in the project?

How will you assess if you have achieved what you have planned and if your project has been a success? Which methods and tools will you use for this purpose?

How will you share the results of your project after the project ends and with whom?

What will you do to make sure that your project continues to have effects also after it ends?

About your group

In this section, you are asked to provide further details on your group.

How did you create your group?

What are the profiles of each member and what does each one of you bring to the project?

How will you manage your project as a group? (e.g. general coordination between the members, distribution of tasks and responsibilities, budget and time management, communication etc.)?

Why did you choose this specific organisation to be the legal representative for your project?

What do you, as members of the group implementing the project, expect to learn from this project?

How will you reflect on your learning experiences? How will you document your learning outcomes? (e.g by using recognition tools such as [Youthpass](#) or [Europass](#).)

Do you want to apply for 'exceptional costs' to help members of your group to participate in your project, for whom it may be more difficult to participate without extra budget? If you are in doubt, contact your National Agency for advice.
